

# Survey for Parents of Students with Disabilities Attending Schools During COVID-19

The National Center on Health Physical Activity and Disability (NCHPAD) is conducting a survey to gather information about the needs of parents of students with disabilities around schooling during the current COVID-19 health situation. This survey will help us understand the needs of parents of students with disabilities who receive services through schools. We are asking our colleagues and partners to help us distribute this survey through your network, listservs, newsletters, or social media outlets. The survey will be open until October 8th. Please click on the link below to view or begin the survey.
